ALBERTA

Quaecumque vera

“Whatsoever things are true”

The University Coat of Arms

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University, support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: *Quaecumque vera* (“Whatsoever things are true”).

Please Note: The Jubilee Auditorium is a “smoke-free” facility.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

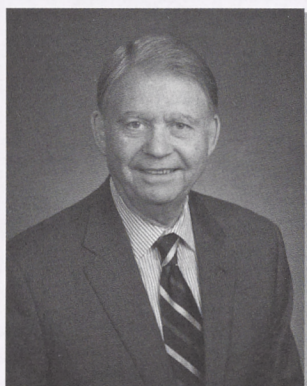

The assistance of the Music Performance Trust Fund and the Edmonton Musicians' Association is gratefully acknowledged.

Photographs may be taken during the ceremony, but we ask that photographers do not approach the stage area and ensure that aisles and stairways are kept clear.

Congratulations to the University of Alberta's class of 2012! Today you become a proud graduate of the University of Alberta, one of more than 275,000 alumni worldwide. Enjoy today's celebration of your accomplishments and the successful outcome of years of study, intellectual growth and personal discovery.

Wherever the next step of your journey may take you, your connection to your alma mater will endure. Throughout your life, remember and be guided by the values we hold dear at this institution. When our first president, Henry Marshall Tory, founded this university, he upheld two ideals: first, that the modern university should be for the "uplifting of the whole people," and second, that we should pursue whatsoever things are true: quaecumque vera. With these two ideals as your beacon, I urge you to follow the lead of thousands of U of A alumni, and with truth and integrity, use your gifts to uplift, build and serve society.

Indira V. Samarasekera, OC
President and Vice-Chancellor

On behalf of the Government of Alberta, it is my pleasure to extend my sincere congratulations to the University of Alberta's 2012 graduating class. You have successfully graduated from a world-class university with a strong legacy of producing leaders in everything from the arts and sciences to business and education.

As you celebrate this personal and professional achievement with your family, classmates and colleagues, you are also celebrating the values that characterize Albertans-hard work, enthusiasm and dedication. Albertans like you have helped build a better province that future generations will be proud to call home. I hope that the passion and focus displayed in your educational endeavours will continue well into the future.

Congratulations once again to all the graduates, and best wishes for much future success.

Honourable Alison M. Redford, QC
Premier of Alberta

Our Traditions

The University Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

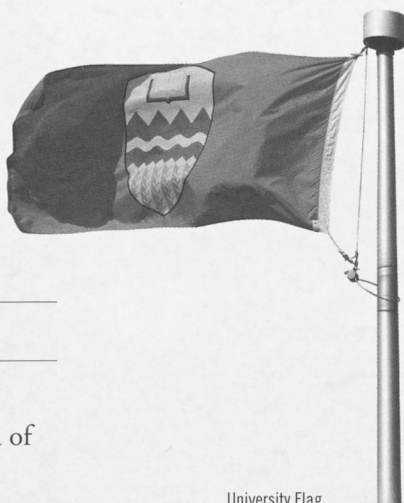

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

University Ceremonial Chairs

The University Flag

The University Flag has a gold background and bears the shield of the Coat of Arms.

University Flag

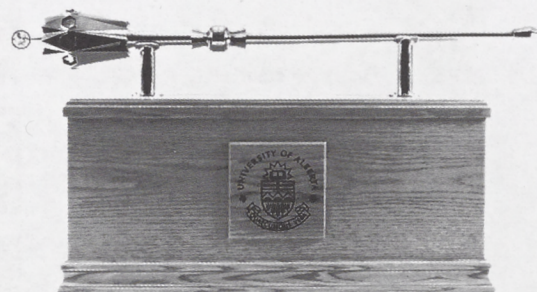

The University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power—but the power of knowledge and the importance of the University in the community.

The University of Alberta Cheer Song

*Ring out a cheer for our Alberta
A song of praise to Varsity.
For the splendour of our mountains
Our prairies green and gold,
Ranked beneath whose glowing colours,
Thy legions march enrolled.
Our memories will live forever
Beloved University.
We will fight for thee and cheer
And ever hold thine honour dear.
Our Alma Mater U of A
Green and gold! Quaecumque vera!
Guide us through each coming era,
Guide us on through battle gory
To a new and greater glory.*

Convocation

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval magna congregatio of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to her and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the universitas magistrorum, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. The words "I admit you" and

the placing of the students' hands within the hands of the Chancellor and her associates, bind the students in the appropriate degree to the universitas magistrorum. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 31 for a detailed description of ceremonial colors.

Conferring of Degrees

The Presentation

The Senior Dean presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true."

The graduates remain in their places.

Honorary Degree Recipient

CONGRATULATIONS

Leymah Roberta Gbowee

An outstanding champion of international human rights, Leymah Gbowee led a women's peace movement that brought an end to the Liberian Civil War in 2003.

Ms. Gbowee is executive director of the Women Peace and Security Network Africa and a founding member and former coordinator of the Women in Peacebuilding Program/West Africa Network for Peacebuilding.

In October 2011, she was awarded the Nobel Peace Prize (along with Liberian president Ellen Johnson-Sirleaf and Yemeni political activist Tawakkol Karman) for her work in empowering, mobilizing and leading women from across all regional and religious divisions within Liberia and western Africa. Their insistent call for peace eventually resulted in the signing of the Accra Comprehensive Peace Agreement and the removal of Liberian President Charles Taylor in 2003.

Ms. Gbowee is also the recipient of the 2010 John Jay Medal for Justice, the 2009 Gruber Prize for Women's Rights and the 2009 John F. Kennedy Profile in Courage Award. A documentary focused on her leadership through the events of 2003, entitled *Pray the Devil Back to Hell*, won Best Documentary Feature in the 2008 Tribeca Film Festival in New York.

She earned an Associate of Arts degree in social work in 2001 from Mother Patern College of Health Science in Monrovia, Liberia and began to do work in trauma healing, trying to help rehabilitate child soldiers who had been forced into war. This led to her interest in peacebuilding, and she earned a master's degree in conflict transformation from Eastern Mennonite University in Harrisonburg, Virginia in 2007. She has also completed conflict prevention and peacebuilding training at the United Nations Institute for Training and the Healing Victims of War Trauma Centre in Cameroon.

In her memoir, *Mighty Be Our Powers*, Ms. Gbowee notes: "People who have lived through a terrible conflict may be hungry and desperate, but they're not stupid. They often have very good ideas about how peace can evolve, and they need to be asked."

Leymah Gbowee's life and work are an inspiring example of how education and principled leadership – focused on addressing fundamental challenges – can empower a global community.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Leymah Roberta Gbowee:

War or Peace: Twelve Linocuts by Noel Counihan with Poems by Jack Lindsay.
Melbourn, Australia: Gryphon Books, 1979.

This book features a series of linocut images which were inspired by the Congress of Peace held in Paris (1949) in the aftermath of World War II. In this limited edition publication, designed by William Pate, the starkly powerful war-time images are accompanied by a series of poems written by Jack Lindsay, who tells us that "Peace is Life, and Life must win." In the book's foreword, James Boswell says that Counihan's art "illuminates the terrible fears and the impatient hopes of mankind in their daily struggle with the danger of war." One memorable image – entitled "Here Peace Begins" – shows a protest march with women carrying placards, the most prominent of which insists that "MOTHERS DEMAND PEACE."

Honorary Degree Recipient

CONGRATULATIONS

Tawakkol Karman

Fiercely committed to change, Tawakkol Karman is the first Arab woman and the youngest person to date to receive the Nobel Peace Prize.

In October 2011, she was awarded the prize (along with Liberian president Ellen Johnson-Sirleaf and Leymah Gbowee, Executive Director of the Women Peace and Security Network Africa) for championing the safety of women and women's rights. In particular, Ms. Karman was honoured for playing a lead role "in the struggle for women's rights and for democracy and peace in Yemen."

Ms. Karman earned a bachelor's degree in commerce and a diploma in education from the University of Science and Technology in Sana'a before completing a master's degree in political science from Sana'a University. A journalist by profession, in 2005 she helped found Women Journalists Without Chains, an organization dedicated to promoting human rights and freedom of the press in Yemen.

Though she came to international prominence during the "Arab Spring" protests that began in 2010, Ms. Karman had already been a leading advocate for human rights and a member of Yemen's main opposition party, Al-Islah, for many years. She and her fellow protestors sought to raise awareness of the high rates of illiteracy and malnutrition among Yemeni women, and they pressed for legislation that would prevent women younger than seventeen being forced into marriage.

Inspired by events in Tunisia and Egypt, Ms. Karman became a vocal and visible senior leader in Yemen's popular uprisings and peaceful fight for freedom and democracy. Imprisoned on a number of occasions for her pro-democracy, pro-human rights protests, she became known as "the iron woman" and "mother of the revolution." President Ail Abdullah Saleh finally acceded to the protestors and ceded power in late 2011.

Ms. Karman continues to be a steadfast advocate of non-violent protest. In her Nobel lecture, she argued passionately for communities based on partnership and cooperation: "The solution to women's issues can only be achieved in a free and democratic society in which human energy is liberated, the energy of both women and men together."

Bold and outspoken, Tawakkol Karman lives her convictions.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Tawakkol Karman:

Nellie L. McClung, *In Times Like These*. New York and London: D. Appleton, 1915.

Written by one of the leading women's-rights and human-rights activists in Canadian history, this book is dedicated "to men and women everywhere who love a fair deal, and are willing to give it to everyone, even women." In it, Nellie McClung (1873-1951) tells us that, "War is the antithesis of all our teaching. It breaks all the commandments; it makes rich men poor, and strong men weak. It makes well men sick, and by it living men are changed to dead men." A leading figure in the suffrage campaign which finally won the vote for Canadian women in 1916, and one of the "Famous Five" who won for women throughout the British Empire the right to be considered "persons" under the law in 1929, McClung challenges the old notion that the hand that rocks the cradle rules the world, and asserts that, "If it did, human life would be held dearer and the world would be a sweeter, cleaner, safer place than it is now!"

Congratulations Graduates

Honorary Degree Recipient

CONGRATULATIONS

Marguerite Jean Trussler

An influential advocate for children and families and a champion of our vibrant visual and performing arts communities, Marguerite Trussler is an inspiring example of the importance of determination, collaboration and leadership.

She received her Bachelor of Arts and Bachelor of Laws degrees from the University of Alberta, and completed a Masters of Law degree from the University of Melbourne. After ten years as a partner with Parlee McLaws, she served as Justice of the Court of Queen's Bench of Alberta from 1986 to 2007.

President of the Canadian chapter of the International Association of Women Judges from 1998 to 2000, she also served on the editorial board of the Canadian Bar Review and as chair of the Court of Queen's Bench Family Law Committee. She is the co-author of a textbook on mortgages in Alberta and author of numerous legal articles.

A pioneer in family law in Canada, the University of Alberta Distinguished Alumna has led numerous programs that have improved the lives of children whose parents are divorcing. She was instrumental in implementing Parenting After Separation, a mandatory educational seminar that was the first of its kind in Canada. She also developed and implemented new interdisciplinary models to redefine how mental health care professionals and the court system might work together for the benefit of children.

A past lecturer with the faculties of Law and Extension, she is a former member of the University of Alberta Senate and the Alberta Cancer Board. Current chair of the Alberta Gaming and Liquor Commission Board, she has recently turned her interest towards the issue of children born with Fetal Alcohol Spectrum Disorder (FASD).

Ms. Trussler founded the Victoria School Foundation for the Arts, which provides annual scholarships and master classes for many aspiring dancers, artists, actors and musicians. She is also a member of Players de Novo, a group of lawyers and judges who raise funds for local theatre groups.

Committed to the uplifting of the whole person, Marguerite Trussler encourages individuals from all walks of life to find both the support and the inspiration to reach their full potential.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Marguerite Jean Trussler:

Henry Hobart. *The Reports of that Reverend and Learned Judge, the Right Honourable Sr. Henry Hobart, Knight and Baronet, Lord Chief Justice of his Majesties Court of Common Pleas; And Chancellor to both Their Highnesses Henry and Charles, Princes of Wales.* London: Printed for William Lee, Allen Banks, & Charles Harper, 1671.

The third edition of Hobart's Reports was substantially corrected and enlarged with new marginal notes as well as an index. This is a nice copy with an early binding and the original frontispiece (a portrait of Hobart). In addition to the reports, the book contains an alphabetical listing of all cases reported or cited and a detailed "Table," or subject index, attributed to Sir Heneage Finch. The importance of the reports is underscored typographically in that the reports appear in black letter while the tables and marginal notes appear in roman and italic fonts.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Brian Richard Heidecker

Chair Emeritus of the University of Alberta Board of Governors, Brian Heidecker has championed the advancement of learning, discovery and citizenship in our community for nearly 30 years.

Mr. Heidecker began his service to the University of Alberta in 1984 as a special advisor to the Faculty of Agriculture and Forestry. He was a member of the university senate from 1991 to 1997, and was appointed to the university's board of governors in 2000, serving as vice-chair from 2004 to 2006 and as board chair from 2006 to 2011. His tireless efforts to advance the university's mission and vision were recognized in 2008 when the institution received the Spencer Stuart Conference Board of Canada Public Sector Governance Award.

An active and articulate member of Alberta's agricultural community for many years as the owner/operator of Drylander Ranch Ltd., a large-scale cattle and forage operation near Coronation, he has shared his business acumen and industry insights with numerous boards and councils. A former trustee of the Clearview School Division, he served eleven years as a board member for Alberta Treasury Branch and nine years on the board of directors of the Bank of Canada.

He has also contributed his extensive governance expertise on the boards of the Alberta Agricultural Development Corporation, Alberta Securities Commission, Alberta Ingenuity, Agriculture and Food Council of Alberta, the Northern Alberta Jubilee Auditorium and the Canada Council on Learning.

Mr. Heidecker completed the Director Education Program at the University of Toronto Joseph L. Rotman School of Management/University of Alberta School of Business Institute of Corporate Directors, and received his ICD.D. designation. He currently chairs the Sawridge Trusts and serves on the Lieutenant Governor's Circle on Mental Health and Addiction as well as the boards of Fringe Theatre Adventures and the Investment Industry Regulatory Organization of Canada.

Named one of Alberta's 50 most influential people by Alberta Venture magazine in 2005, Brian Heidecker holds an unwavering belief in the importance of education and hard work. Inspired by the pursuit of excellence, he has made an indelible mark on the prairie landscape.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Brian Richard Heidecker:

**Department of Agriculture, N.W.T.
Northwest Brand Book. Calgary: Calgary Herald, 1900.**

One of the earliest "brand books" published in the region, this book made it possible to easily identify the owners of branded livestock. The first part of the book offers images of registered cattle and horse brands, and the second part lists the names, addresses, ranges, and specialties of the ranchers. Published by the Calgary Herald on behalf of the Department of Agriculture, this particular copy contains stamps which indicate that it was a working copy used by officials in the Department of Agriculture.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color(s) distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color(s) distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and

matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.
